Quebec NIR# R-551536-7

Dear Sir/Madam,

You were recently forwarded documentation concerning the renewal of your Quebec Safety Rating permit. As mentioned in our correspondence, the Quebec government will unfortunately not be sending out any confirmation whatsoever regarding said renewal of your permit.

Kindly accept this as written notification that we have received your documentation and your file has been updated with the Commission of Transport for a one year period. Please note that as of April 1st 2001, all Canadian provinces are members of the IRP (International Registration Plan). If the province that you intend to travel into is NOT listed on your IRP registration, you must purchase a Trip Permit. For assistance, call the Permicom Emergency Permit Department at 1-800-463-4822.

We thank you in advance for your continued patronage and should you have any additional questions, please do not hesitate to contact the Permicom Annual Licensing Department at 1-800-663-1394.

Yours truly,
Julie Menzies
